Dear Messrs. Smith and Nord:

PUREX STORAGE TUNNELS DANGEROUS WASTE PERMIT APPLICATION (TSD: S-2-1)

This letter submits Revision 1 of the PUREX Storage Tunnels Dangerous Waste Permit Application. Revision 1 of the permit application has been prepared in response to a letter received from the State of Washington Department of Ecology (Ecology) on August 9, 1991. This letter requested that the permit application be revised, certified, and resubmitted by October 9, 1991, to address Ecology's Notice of Deficiency (NOD) comments. A letter requesting a sixty day extension was submitted to Ecology on September 9, 1991, extending the date for submittal of the revised permit application to December 9, 1991.

An NOD Response Table summarizing the disposition of the NOD comments received February 5, 1991, and August 9, 1991, on Revision 0 also has been completed. The NOD dispositions reflect agreements that have been reached since the submittal of Revision 0 in September 1990.

Per your request, copies of the PUREX Storage Tunnels Dangerous Waste Permit Application and NOD Response Table have been distributed as follows: (1) five copies to Mr. T. M. Michelena of Ecology (Lacey, Washington, office); (2) one copy to Mr. D. C. Nylander of Ecology (Kennewick, Washington, office); and (3) two copies to Mr. D. L. Duncan of the U.S. Environmental Protection Agency (Seattle, Washington, office).
